*SEPT 25*

Attendance: McGrath, hahn, Wilkes, Wagner and Bartlett

Call to order 6:10

The board discussed the Sliwoski Farm easement and how we would proceed with similar applications in the future. The board agreed that we should publish a brochure describing Completed projects for the 350th anniversary.

Mr. Wagner informed the committee of the completion of the White Rock Trail. \$1000 remains in the account.

Much to the disappointment of the board, we have not had verifiable accounting for four years. This lack of knowledge of the amount available to issue grants will without a doubt affect this committee's ability to continue it's good works.

Adjourn at 7:10

Motion: Wilkes

Second: McGrath
