**Peter Moore:** *I am an owner at, and treasurer for, the Hatfield Center Condominiums at 60-64 Main St. We would like to put in some stairs (wood, metal or stone pathway) down to the river and probably eventually a dock for unpowered water craft. One of the owners said they heard that we couldn't make any changes ~50' from the river's edge but we note that our neighbors to the north and south all have stairs and docks, so we presume we should be able to access the river as well? ...or is this an issue entirely for the MASS DEP?*
