

Reduce Your Bill

Save Water Fix Leaks!

Most high water bills are caused by leaking toilets. You can see and hear some leaks but **many leaks are silent**. Leaks can waste hundreds of gallons of water per day.

Use the 2 Non-Toxic Blue Dye Tablets in this kit to check for leaks. Follow the instructions provided and if you discover a leak, please have it fixed as soon as possible.

Check for Leaks!

More Tips on
Reverse Side.

Instructions:

Carefully remove the toilet tank lid and drop one of the blue dye tablets into the tank. **DO NOT FLUSH**. Leave for 15 to 20 minutes. If color appears in the bowl then you have a leak that needs repair.
