

## Enjoy the bounty of Hatfield's farms throughout the year!

Cultivation of the fertile agricultural soils along the Connecticut River predates Colonial times. As Hatfield celebrates the 350th anniversary of its incorporation, this rich farming tradition continues with a wide range of fruits, vegetables, and livestock. The town is also home to renowned nurseries, vineyards, and trees farms. While much of the produce is sold to wholesale markets, you can still drive through Hatfield and purchase direct from farmers year-round!
